

# Meet Emily Coniglio, TAG Wealth Customer Service

Emily is the customer service guru of our TAG Wealth Team. Hers is the first friendly face you will see upon visiting our office (but certainly not the last!) and her top priority is to make your experience with us a positive one right from the start!

Emily enjoys the versatility of assisting across all aspects of the business, from taking your call, investigating any query that comes up, making sure things are progressing for you in a timely manner, brewing up some tea or coffee and absolutely anything in between! Emily looks forward to meeting you and contributing to a memorable working relationship with TAG.

Outside of the office you will find Emily at her community theatre group rehearsing or performing in musical plays. She has a passion for singing and loves to perform but says, no matter how much her family nag her, she will not be auditioning for The Voice!

## Your Financial Pathway. Where do you fit?

Stage 1  
 Planning

Planning anything involves a starting point.

Stage 2  
 Wealth Foundation

It involves finding ways to save even small sums of money as a platform for the future.

Stage 3  
 Wealth Building

Having established a foundation, it's time to start building.

Stage 4  
 Retirement Planning

The financial preview should end in a place of comfort and relaxation.
